MEMORANDUM FOR: Chief, [REDACTED]
THROUGH : DDP/TRO
SUBJECT : [REDACTED] Briefing in OTR Course
REFERENCE : Memo for DTR dtd 3 Feb 72, same subj.

1. We have reviewed the matter raised in the referent memorandum and offer the following thoughts in response.

25X1A

2. We agree that [REDACTED] briefing ought to be presented in one of our basic courses for new employees of the Agency, on as broad a basis as possible.

3. Because the Basic Operations Course reaches only a limited audience and is geared primarily to training in skills, we believe it would be more appropriate to give a presentation such as you request to new professional employees who are enrolled in the Intelligence and World Affairs Course (IWA).

4. Under these circumstances many new professional officers who need to know about [REDACTED] principally DDS personnel and Career Trainees who will not be taking the Basic Operations Course, will be informed about your Division's activities. We are also inclined to believe that because the typical Basic Operations Course class includes a relatively large number of [REDACTED] officers, information about [REDACTED] will be disseminated by informal means to non-[REDACTED] trainees in after-hour discussion.

5. We propose therefore that a 30-40 minute briefing such as you requested be included in the Clandestine Service portion of IWA. If this meets with your approval, we will undertake to make appropriate arrangements with you to see that this is brought to fruition.
